

Alliant Small Business

GSA **General Services Administration (GSA)**
Government wide Acquisition Contract (GWAC)

Contract Number: GS-06F-0592Z
Period of Performance: February 3, 2009 – February 2, 2014
with One 5-Year Option Period

Alliant Small Business, a Government wide Acquisition Contract (GWAC), is GSA's premier small business set-aside contract vehicle and most versatile to use by all Federal agencies. The scope of the Alliant SB GWAC includes the ability to provide any and all components of an integrated information technology (IT) solution.

Alliant is designed to stay current with the evolving Federal Enterprise Architecture (FEA), providing customers with the latest in technology innovations. As the definition of IT changes over the life cycle of the Alliant Contract, the scope will be considered to coincide with the current definition at any given time. This allows all agencies unparalleled accesses to a broad range of IT products and services that offer solutions to meet and exceed your agency mission's current and future needs.

ALLIANT SMALL BUSINESS FEATURES:

- Flexibility in contract types, including Fixed Price, Cost-reimbursable, Time and Materials, and Labor-hour
- Ten-Year Multiple Award/Indefinite-Delivery, Indefinite-Quality (MA/IDIQ)
- \$15 Billion Program Ceiling
- 100% Small Business Credit
- Ability to support CONUS and OCONUS IT requirements
- Allows for ancillary support to offer an integrated IT solution
- Choice of 80 labor categories
- Reduced procurement lead times and administrative costs
- No dollar value limit on task orders

AAC: Mission-Driven

From iNfrastructure to iNformation – from your network to the data center and to the users who rely on IT to meet their mission goals – AAC iNsight has the IT expertise and experience to deliver a mission-driven solution that maximizes your productivity, improves your operations, and enhances your performance.

Helping Government use technology to best serve citizens

ABOUT AAC

AAC is a customer-oriented management and technology consulting and services firm with a singular focus – the federal government. Since 1983, AAC has helped federal agencies to work more effectively, transform and modernize their infrastructure, and achieve their missions

The AAC Team

The AAC Alliant Small Business team is uniquely positioned to support your agency and its mission. With clients spanning the entire federal government, we design smart, secure networks that move your agency closer to its goals—be it protecting data, controlling access, reducing costs, or enabling communication. While we offer a full range of IT services, we can expand the team easily without federal approval to offer our clients fully customized services.

Our clients span the entire federal government, including defense, regulatory, health, and other civilian-related agencies. We have maintained successful, decades-long client engagements due to outstanding performance and candid communication. Our Alliant Small Business team members share these exceptional traits.
