

Chief Information Officer Solutions and Partners (CIO-SP3) Government-Wide Acquisition Contract

Contract Number: HHSN316201200001W
Contract Period: June 1, 2012 – May 31, 2022

To offer assistance geared specifically to the needs of the CIO, the National Institutes of Health (NIH), National Information Technology Acquisitions and Assessment Center (NITAAC), has created a multiple award indefinite-delivery, indefinite-quantity (IDIQ) contract for acquiring a wide range of IT services, products, and solutions for the Institutes and centers of NIH and all other Federal agencies. The CIO-SP3 GWAC is designed to help federal government agencies fulfill a broad range of mission-critical IT requirements.

Why Choose the AAC CIO-SP3 CTA?

The companies comprising the AAC CIO-SP3 Contractor Team Arrangement (CTA) were chosen specifically because of their experience in the healthcare domain and expertise to meet CIO-SP3's broad spectrum of tasks and subtasks.

Experience

The CTA has proven healthcare domain expertise with more than 80 percent of the CTA members currently performing work for HHS/NIH OPDIVs and Institutes. Our team is comprised of experts in health IT infrastructure and security, forensics, clinical trials, electronic health records, IT governance, collaboration and information sharing, quality and process management, applications development, data management, and enterprise workflow.

Innovation

The AAC CTA is a committed team of professionals with expertise across all CIO-SP3 task areas and has a track record of technology innovation in the healthcare domain.

Quality

A team centered on quality, where the CTA holds ISO 9001:2008, ISO/IEC 20000-1:2011, and SEI CMMI Level 3 certifications.

Contract Details

- 10-year, multiple award indefinite-delivery, indefinite-quantity GWAC
- \$20 billion contract ceiling
- Ten (10) task areas for IT requirements that support the Federal Enterprise Architecture, the Department of Defense Enterprise Architecture and the Federal Health Architecture.

CIO-SP3 GWAC Benefits

- Supports all contract types, including hybrid
- Pre-competed at the Master Contract level
- Negotiated discounts available at the task order level
- Streamlined ordering procedures based on FAR 16.

NITAAC Program Benefits

- Easy-to-use online ordering systems for task order competition and management
- No special "Delegation of Procurement Authority" is needed from NITAAC to use our GWACs or online systems
- Cradle-to-grave support from the NITAAC Customer Support Center
- Free comprehensive assessment of requirements within 24 hours
- Free training on GWACs, FAR 16, NITAAC contracts and NITAAC online ordering systems; certification for 2 CLPs awarded.

Chief Information Officer Solutions and Partners (CIO-SP3) Government-Wide Acquisition Contract

AAC CIO-SP3 CTA Capabilities

The AAC CIO-SP3 CTA has capabilities across all ten task areas and over 92 percent of the sub-task areas. A sampling of our areas of expertise include:

- Health IT Infrastructure Modernization and Optimization
- Clinical Trials and Studies
- Scientific Event Management
- Program Management Office Support
- IT Service Management
- Electronic Health Records (EHR)
- Healthcare Marketing and Communications, including Hispanic Outreach Activities
- Cyber Security
- Workflow Management
- Healthcare Payment Systems
- Applications Development and Applications Hosting
- Biomedical Information Services
- IT Governance
- O & M Support
- Integration Services
- Critical Infrastructure Protection, including COOP/DR

The CTA has an established Health IT Advisory Committee (an IT/Healthcare expertise fusion center) helping the CTA architect solutions for both current and future Health IT challenges. Since the Committee Members possess experience in both health domains and IT, they are able to bridge the gap between the two disciplines, bringing an understanding of how to apply IT to address the unique language, culture, and mission requirements of the various health domains.

The CTA is committed to working with Small Business and Small Disadvantaged Business in the performance of the contract. Eight of the nine CTA members are either small or small disadvantaged business with healthcare and health IT specializations.
